**F#m Dsus2 A E**

To get back time  
You force too much  
Its always too much

So much for the here and now  
Its all the same now  
I wish everything would change

**B5(x244xx) C#m (x466xx)**  
**Dsus2**

You cant believe a word he says  
You cant believe

Chorus

**F#m A E Dsus2**

I know youve been lost  
Youve said it before  
So said it again now  
I know youve been lost  
Youre begging for more

Chorus Ending:

**F#m E Dsus2 B5**  
But its not enough

REPEAT INTRO

Hes all that you want

And really believe in  
He gives you a reason  
To take it slow

So much for the here and now  
Its all the same now  
I wish everything would change  
You cant believe a word he says  
You cant believe

I know youve been lost  
Youve said it before  
So said it again now  
I know youve been lost  
Youre begging for more  
But its not enough

I know youve been lost  
Youve said it before  
So said it again now  
I know youve been lost  
Youre begging for more  
But its not enough

But its not enough  
And Ā-ts never gonna be
