On My Way
Boyce Avenue
I realized nobody posted the right chords to this song so here they are. Verse 1
are the same chords but they change it up in the 3rd verse
(INTRO)
D-A-G-Bm-A
(VERSE 1)
 I Wasn t there the moment you first learned to breathe
        Bm
But I m on my way
On my way
                     Α
I wasn t there the moment you got off your knees
        Bm
But I m on my way
On my way
(CHORUS)
G
Lay down
                   Bm
And come alive in all you ve found
All you re meant to be
G
And for now
                        Bm
We ll wait until the morning light
And close our eyes to see
Just close your eyes to see
(VERSE 2)
A tear must have formed in my eye
When you had your first kiss
But I m on my way
On my way
So leave a space deep inside for everything I ll miss
```

```
On my way
(CHORUS)
(VERSE 3)
And when you feel no saving grace
Well I m on my way
On my way
And when you re bound to second place
Well I {\tt m} on {\tt my} way
On my way
                        D
So don t believe it s all in vain
Cause I m on my way
On my way
                           D
The light at the end is worth the pain
Cause I m on my way
On my way
I ll be here the moment you come out in white
Cause I m on my way
On my way
```
