

**Holiday**

**Boys Like Girls**

Capo on the First Fret!

**D A**

When I was younger I used to be wild,

**Em**

As wild as an elephants child,

**G**

No one could hold me down,

**D**

No one could keep me around,

**A**

Now it s your turn, Take a shot,

**Em**

Baby show me everything that you got,

**G**

Maybe you can keep me alive,

**Em**

Maybe you can get in my mind,

**G**

Ooh ooooh,

**D**

But it s only a matter of time,

**A**

Before I run far away,

**Em**

I need to take a holiday,

**G**

Maybe it s a fall from grace,

**D**

I gotta find a new place,

**A**

A holiday,

**Em**

I ll set off on a new chase,

**G**

I gotta see a new face,

**D**

I need to take a holiday,

**A**

My father he was always wise,

**Em**

As wise as an elephant s eyes,

**G**

He couldn t hold me down,

**D**

He couldn t keep me around,

**A**

So are you gonna take your shot,

**Em**

It s the only one that you got,

**G**

Maybe I ll go out on a limb,

**Em**

Maybe I ll jump in for a swim,

**G**

Ooh ooooh,

**D**

But when the lights go dim,

**A**

You know I ll run far away,

**Em**

I need to take a holiday,

**G**

Maybe it s a fall from grace,

**D**

I gotta find a new place,

**A**

**A** holiday,

**Em**

I ll set off on a new chase,

**G**

I gotta see a new face,

**D**

I need to take a holiday,

**A Em G**

Whoa, whoa, whoa, whoa,

**D**

A new start,

**A**

I ve broken too many hearts,

**Em**

And I don t have any clue where to go,

I don t know,

**G D**

But maybe I ll be back someday after my holiday,

**A**

When I was younger I used to be wild,

**Em**

As wild as an elephants child,

**G**

And I don t think I ll ever change,

**D**

I think I m gonna stay the same,

**A**

I ll run away,

**Em**

I need to take a holiday,

**G**

Maybe it s a fall from grace,

**D**

I gotta find a new place,

**A**

A holiday,

**Em**

I ll set off on a new chase,

**G**

I gotta see a new face,

**Em**

I need to take a holiday,

**D**

A new start,

**A**

I ve broken too many hearts,

**Em**

And I don t have any clue where to go,

I don t know,

**G**

But maybe I ll be back someday after my holiday,

**D**

All of the wasted time the,

**A**

Hours that were left behind the,

**Em**

Answers that we ll never find,

**G**

They don t mean a thing tonight,

**D, A, Em, G** (until end)
