| INTRO [0:00] |  
=====

**D B G-A**

=====  
| VERSE 1 [0:19] |  
=====

**D**  
Before you let me fall,

**Bm**  
kill me so i dont feel it at all

**G**  
push my body up against the wall

**A**  
and picked your poison

**Em**  
cause everything feels wrong

**Em**                    **A**  
and i dont know where i belong

=====  
| CHORUS 1 [0:50] |  
=====

**D**                    **Bm**                    **G**                    **A**  
Take me for granted, make me feel used

**D**                    **Bm**  
Leave me in pieces

**G**            **F#m**            **Em**            **A**  
Misery is company cause i know that its real

**G**                            **F#m**                            **Em**                            **A**                            **D**  
I learned to love the pain cause thats the only way that i know how to feel

=====  
| VERSE 2 [1:27] |  
=====

**D**    **Bm**  
Maybe its a phase, maybe ill break out of it someday,

**G**  
maybe this is just my twisted fate

**A**                            **Em**                            **A**  
I always feel like everything is wrong

**Em**                            **A**  
and i dont know where i belong

=====  
| CHORUS 2 [1:58] |  
=====

**D**                            **Bm**                            **G**                            **A**  
Take me for granted, make me feel used

**D**                            **Bm**  
Leave me in pieces

**G**            **F#m**            **Em**            **A**  
Misery is company cause i know that its real

**G**                            **F#m**                            **Em**                            **A**  
I learned to love the pain cause thats the only way that i know

=====  
| BRIDGE [2:29] |  
=====

**G**    **F#m**  
To feel your arms around my neck, im suffocating with regret

**Em**    **A**  
from all the wasted hours spent, believing I was never meant

**G**    **F#m**  
to touch the face of something real, these sewn up scars will never heal

**Em**    **A**  
but I put down a deal, cause thats the only way that i know

=====  
| CHORUS 3 [2:53] |  
=====

**D**            **Bm**        **G**            **A**  
Take me for granted, make me feel used

**D**            **Bm**        **G**            **A**  
Leave me in pieces, broken and bruised

**D**            **Bm**        **G**            **A**  
Take me for granted, make me, I promise that youll never keep on

**D**            **Bm**  
falling to pieces

**G**            **F#m**            **Em**            **A**  
Misery is company cause i know that its real

**G**                            **F#m**                            **Em**            **A**            **G**  
I learned to love the pain cause thats the only way that i know to feel,

**A**                            **G**  
i know how to feel,

**Em**                            **A**                            **D**  
your the only way that i know to feel
