QUESTIONS/COMMENTS: Sigillum6@hotmail.com

**G** **Cadd9**  
Last call at the hospital

**D**  
You slept through it all

**C**  
And these four walls warn you

**G** **Cadd9**  
That your surgery, it might not be the key

**D** **C** **G**  
To fix the memory of you and me

**G** **Cadd9**  
Doctor I don t know what I ve done

**Cadd9**  
There s more to this than my

**Bm** **C** **G**  
Ex-love and my ex-limbs could ever in my life begin to explain

**Cadd9** **Bm**  
Everytime I think of her and what went on that night

**Bm**  
I don t see it, instead i hear it

**C**  
A song so awful and so perfect

**G** **Cadd9**  
Last call at the hospital

**D**  
You slept through it all

**C**  
And these four walls warn you

**G**

**Cadd9**

**Cadd9**

Doctor I don't know what I'm gonna do

**D**

I need this song to be shouted out

**C**

And to be heard by everyone

**G**

**Cadd9**

It's like each word and every chord refuses to be ignored

**Cadd9**

This is bigger than me

**D**

But with no hands and even less skill

**C**

I don't know how it ever will come out

**G**

**Cadd9**

Doctor I think it's her I hear

**Cadd9**

It's always been

**Bm**

But if this pain can be arranged

**C**

In such a way to bring out beauty

**G**

**Cadd9**

Then, well, who am I to stop it?

**D**

I'll bring her back and I won't stop until it's done

**C**

Until this nightmare's undone

**C**

I need her

**G**

**Cadd9**

(I m still messing with this, I ll edit once I figure it out)

I need her

I need this

The saddest songs can sing themselves, and just sing along

So if death s the answer, then the question is the trigger

And I m just the firing pin.

Yeah I m just a messenger

So if death s the answer, then the question is the trigger

And I m just the firing pin.

And I m just a messenger

Doomed to detonate on delivery
