In comes the winter breeze

C Bm Em7
And I imagine kissing you under the mistletoe
C
When springtime makes its way here

Lilac blooms reminds me of the scent of your perfume
C
When summer burns with heat
Bm Em7
I always get the hots for you
C Bm Em7
Go skinny dippin in the ocean where we used to do
C Bm

When autumn sheds the leaves the trees are bare
Em7 **Am7** **D**
When you're not here it doesn't feel the same

G **Em7** **C** **Bm**
Remember the nights when we closed our eyes
F **Em** **Am7** **Dm7** **G**
And vowed that you and I would be in love for all time

Repete-se os acordes da ponte:
Anytime I think about these things is shared with you
I break down and cry cause I get so emotional
Until you release me I'm bound under ball and chain
Reminiscing our love as I watch four seasons change

This loneliness
Em7
Has crushed my heart

Or four seasons will bring the loneliness again
