Brad Paisley
Bucked Off
[Intro]
[Verse]
It s been a great ride but here we sit tonight
The look in her eyes says something s wrong
This ain t a wild bull, it s just a bar stool
But it s all I can do to just hang on
                             Abmin
    Amaj7
And George Strait s on the jukebox in the corner
Singing about cowboys riding away, but
[Chorus]
This ain t my first rodeo
Someone s gonna get hurt
                                  A Abmin B
Whenever someone says we need to talk
It feels like there s a number
Pinned on to the back of my shirt
 Cause this is where the cowboy gets bucked off
Yeah, this is where the cowboy gets bucked off
[Verse]
You can go to Houston, Vegas or San Antone
And watch a bull rider hit the dirt
Or head down to this bar for a little cover charge
                      В
You can watch me get thrown by her

George Strait s on the jukebox again
