

Everybodys Here
Brad Paisley

Bm Em G D
Bm Em G A D

Bm Em
I m still breathing and my heart s still beating
G D
I might as well start living again

Bm
And so I threw on a shirt
Em G A D
Put on a jacket went out to meet some friends

Bm Em
And now I m acting like I couldn t be better
G D

Like I ve always got this smile on my face
Bm Em
Walking around weaving through the crowd
G A D
And trying not to look out of place

G D
Cause everybody s here
A G D
Yeah but if you look close you ll see
G D
Everybody s here
Em G D
Everybody s here but me

The first time somebody asked where you were
I didn t know what to say
The second time somebody asked where you were
I lied and said she s on her way
The third time somebody asked where you were
Well I just wanted to scream
I guess the land of the living
Aint no place for a heartbroken zombie like me.

G D
Cause everybody s here
A G D
Yeah but if you look close you ll see
G D
It s painfully clear
Em G D
Everybody s here but me

Solo:

Bm **Em** **G** **D**
Bm **Em** **G** **A** **D**

Now I look around and see a lot of single people
But there aint a single one like me
Because they all wanna leave here with somebody
And I just wanna leave

G **D** **A** **G** **D**
Everybody s here
G **D** **Em** **G** **D**
It s painfully clear
G **D**
Cause everybody s here
A **G** **D**
Yeah but if you look close you ll see
G **D**
Everybody s here
Em **G** **D**
Everybody s here but me
