We cut the cake, everybody danced
and some people drank too much

and I looked like some guy in the tux
I ll never forget
when your Uncle Bill

He said son I ve been married now
45 years and he pointed at you through the crowd
And said
[Chorus]
Love her like she s leaving
```

Like it s all going to end if you don t

```
C2
Love her like she s leaving

and notes on the fridge every day

It s easy to take forever for granted
with tin cans tied to your car
I know she tells you that she ll always be there
but I m telling you if you re smart
You 11
