

**Me Neither**  
**Brad Paisley**

**C**

Darling I ve been standing here just watching you all night

**G**

and I think I ve even caught you watching me a couple times

If I don t ask I ll never know

This May sound dumb but here we go

**G7**

Do you believe in love at first site

Chorus 1:

**F**

Me neither

I m glad that we agree

**C**

Believe me

That s a big relief

**G**

This place is awful crowded and this music is so loud

**G7**

Would you like to go and grab a bite to eat?

**C**

Me neither

(Small Solo)

**C**

It s nice to finally meet a girl who doesn t move too fast

**G**

I was only checking that s the reason that I asked

Relationships need time to grow

You and I should take this slow

**G7**

Darlin tell me would you like to dance

Chorus 2 - Chords are same

Me neither

I was just being polite

Thank goodness

My feet are much too tired

I m sure you re tired too  
I can see an empty booth  
Would you like to maybe sit and talk a while

Chorus 3 - Chords are same

Me neither  
We d never get along  
I m thinkin  
There s no chemistry at all  
This has been a waste of time  
And I m running out of lines  
Don t you think it s time for me to end this song?

(Pause for 1 Bar)

Me neither..... (SOLO)

THATS ALL I VE DONE SO FAR - I LL DO THE TABS ANOTHER TIME

ENJOY
