We Danced
Brad Paisley
[Verse]
               Α
The bar was empty, I was sweepin up the floor
That s when she walked in, I said I m sorry but we re closed
She said I know, but I m afraid I left my purse
                         E
I said I put one back behind the bar, bet its prob ly yours
And the next thing that I knew, there we were, lost in conversation
Before I handed her her purse,
                                    D/F#
                                                   E7
I said you ll only get this back on one condition
[Chorus]
          Α
And we danced
Out there on that empty hardwood floor
The chairs up and the lights turned way down low
The music played we held each other close
And we danced
[Verse]
And from that moment, there was never any doubt
I had found the one, that I had always dreamed about
And then one evenin she stopped by after work
I pulled a diamond ring, out of the pocket of my shirt
And as her eyes filled up with tears
She said this is the last thing I expected
And then she took me by the hand
And said I ll only marry you on one condition
[Chorus]
And we danced
Like no one else had ever danced before
