[Verse]

D **Bm**
There s an old Kodak camera in my dresser drawer
G **A**
I ran across it just this afternoon
D **Bm**
And I realised that I don t ever use it anymore
G **A**
In fact last time I did, I think it was with you
D
When we were down in Cozumel
Bm
We had the whole beach to ourselves
G **A**
And it s crazy now to think, that it s all there on that film
D **Bm**
And I could take it to the store, to be developed but what for
G **E**
I can still see everything just fine
G **A** **D**
Who needs pictures with a memory like mine

[Verse]

D **Bm**
Standing there I couldn t help but think about
G **A**
Everything that might be on that roll
D **Bm**
I think it even has another trip we took
G **A**
I guess that must have been at least 3 years ago
D
When we were down in Baton Rouge
Bm
And there wasn t much to do
G **A**
So we drove into New Orleans every afternoon
D **Bm**
And I swear that you would think, it was only yesterday
G **E**

Cause I can still see everything just fine

G A D

Yeah who needs pictures with a memory like mine

[Bridge]

A

Somewhere in my closet

G D

There s a cardboard box just sitting on a shelf

A

It s full of faded memories

G E A

And it s been there ever since the night you left

D

Oh just forgotten photographs to remind me of the past

G E

Oh but I can still see everything just fine

G A Bm E

Who needs pictures with a memory like mine

G A D

Who needs pictures with a memory like mine
