

## Tin Can On A String

Brad

My version by ear.

Capo 2

**G**  
After the breakup,  
**D**  
I really thought we d make up.  
**Em**  
Give her a little time, I d be on her mind  
**C**  
And suddenly she d wake up.  
**G**  
But today if you listen,  
**D**  
Softly off in the distance,  
**Em**  
Somewhere cross town, you can hear the sound  
**C**  
Of wedding bells ringing.  
**C**  
And there s bird seed on the concrete,  
**G** **D**  
And she s waving goodbye  
**C**  
And they re driving away  
**G** **D** **C**  
And everybody cheerin them on as the taillights fade  
**G** **D**  
Yeah she s really gone,  
**C** **D** **D7**  
I thought someday that would be me  
**G** **D**  
But now she s driving away in that limousine  
**C**  
And I m holdin on  
**D** **G**  
Like a tin can on a string.  
**G**  
Somewhere in my mind,  
**D**  
I m the one by her side.  
**Em**  
In that backseat, talkin bout the beach  
**C**

And that honeymoon flight.

**G**

I'd play the whole thing out,

**D**

From the kids to the house,

**Em**

**C**

To the future that we always dreamed about.

**C**

But there's bird seed on the concrete,

**G**

**D**

And back here in reality

**C**

She's driving away

**G**

**D**

**C**

And everybody cheerin' them on as the taillights fade

**G**

**D**

Yeah she's really gone,

**C**

**D**

**D7**

I thought someday that would be me

**G**

**D**

But now she's driving away in that limousine

**C**

And I'm holdin' on

**D**

**G**

Like a tin can on a string.

**G C D G**

**C**

**D**

**D7**

I thought someday that would be me

**G**

**D**

But now she's driving away in that limousine

**Em**

**C**

And I'm not ready to let go of everything

**G**

**D**

So I'm holdin' on, I'm holdin' on
