

Colder
Brainstorm

Bbm **G#**
Come, oh, come early
F# **G#**
Iâ€™m afraid of getting colder, colder
Bbm **G#**
Keep the night burning
F# **G#**
To shine our love always, always

Bbm Bbm G# G#

Bbm
Pictures on the wall
Bbm
Her pictures on my wall
G# **F#**
sheâ€™s so beautiful, so beautiful
Bbm
Climbing up to fall
Bbm
Iâ€™m climbing up to fall
G# **F#**
Iâ€™m still staying cool, Iâ€™m staying cool

Bbm
One day Iâ€™ll find you just to prove that Iâ€™m real
G# **F#** **F**
Out of love and hate, of love and hate
Bbm
And losing ties with common sense, baby, I know
G# **F#** **F**
I will make a bridge to place where my mind goes

Bbm **G#**
Come, oh, come early
F# **G#**
Iâ€™m afraid of getting colder, colder
Bbm **G#**
Keep the night burning
F# **G#**
To shine our love always, always
