verse - **Em Hm D A**,

chorus - **A Em D Hm**,

Em **Hm**

Just like the sun

D **A**

I tried to touch but it's freezing

Em **Hm**

You are my gun

D **A**

You know, you can shoot me, it's easy

A **Em**

Yeah...Hey...

D **Hm**

You wanted a star and i say it is easy

Yeah...

Just like the flame

But my fingers and hands are freezing

You're not the same

I can feel it, you know, it's so easy

Yeah...Hey...

You wanted a star and i say it is easy

Hey...

To fly to the sun but i warn you it's freezing

lalalalalalalalalala

You wanted a star and i say it is easy

lalalalalalalalalala

To fly to the sun but i warn you it's freezing

lalalalalalalalalala

Yeah... Just believe me it's easy

lalalalalalalalalala

Yeah... You know it is easy

Caribbean blue - the eyes of my dancing angel
Fire is cold for you my lovely stranger

Yeah...Hey...

You wanted a star and i say it is easy

Hey...

To fly to the sun but i warn you it?s freezing

lalalalalalalalalala

You wanted a star and i say it is easy

lalalalalalalalalala

To fly to the sun but i warn you it?s freezing

lalalalalalalalalala

Yeah... Just believe me it?s easy

lalalalalalalalalala

Yeah... You know it is easy
