

Good To Know If I Ever Need Attention All I Have To Do Is Die  
Brand New

[Intro]

**G#m F# E D#m** x2

[Verse 1]

**G#m**

Am I correct to defend the fist that holds this pen?

**B E**

Its ink that lies

**D#m**

The pen, the prose, the paper

**G#m**

I live, I learn

**B E**

You will always take what I have earned

**D#m**

And so aid my end while I believe I m winning

[Pre-Chorus]

**G#m**

Our friends speak out in our defense

**F# E D#m**

Pay ten deaf ears for two months rent

**G#m B**

We burn the gallows they erect

**F# E D#m**

And cut the nooses they tie for our necks

[Chorus]

**B F# G#m**

You constantly make it impossible to make conversation

**F#**

We re comatose but audible

**E D#m F# E**

And I like it the farther I get out

**B F#**

We pass it off but it s all on us

**G#m**

For common conversation

**F#**

It took everything I got

**E D#m F# E**

And I like it the farther I get out

[Verse 2]

**G#m**

Once said, always said

I will hold the past over your head

**B** **E** **D#m**

I ll speak my mind whenever I feel slighted

**G#m**

I slip concealed back to the keep

**F#** **E** **D#m**

Concede to do the work for free

We prey as wolves among the sheep

And slit the necks of soldiers while they sleep
