**Brandi Carlile**

1st Verse:

**E5**                    **Bsus4**  
Long as the day  
**E5**                    **Asus2**  
Take it away  
                  **C#5**                    **Bsus4**                    **Asus2**    **Bsus4**  
Hold it up and you don t let it fall

**E5**                    **Bsus4**  
Cause devils play

Was yesterday  
                  **C#5**                    **Bsus4**                    **Asus2**    **Bsus4**  
And I don t care about that at all

**E5**                    **Bsus4**  
I just smile  
**E5**                    **Asus2**  
Once in awhile  
                  **C#5**                    **Bsus4**                    **Asus2**    **Bsus4**  
Cause I don t want the lines on my face

**E5**                    **Bsus4**  
And I sit right here  
**E5**                    **Asus2**  
Holding the years  
                  **C#5**                    **Bsus4**                    **Asus2**    **Bsus4**  
And I count all of the stars in space
