Keep Your Heart Young - Brandi Carlile
Tuned Down a Half Step

[Verse]

G **C** **G**
Grandpa gave me a wheat penny and I put it in my pocket
G **D**
I had big plans in my back yard to build me a space rocket
G **C** **G**
I talked to my brother on a fake CB that I made from a tic-tac box
G **D** **G**
I packed my snowballs nice and tight but in the middle I put rocks

[Pre-Chorus]

C **G**
Donâ€™t trade in your tic-tac box for a ball on the end of a chain
G **D**
And donâ€™t go spending Grandpaâ€™s pennies buying into the game

[Chorus]

C **G**
You gotta keep your heart young
D **Em**
Donâ€™t go growin old before your time has come
C **G**
You canâ€™t take back what you have done
D **G**
Youâ€™ve gotta keep your heart young

[Verse]

Dad took the wheels off of my bike and he pushed me down a hill
But speed got the best of me and I took my first spill
That was back when alcohol was only used on cuts
It stung like hell so I turned my leg and momma said itâ€™d give me guts

[Pre-Chorus]

Donâ€™t trade in your tic-tac box for a ball on the end of a chain

And donâ€™t go spending Grandpaâ€™s pennies buying into the game

[Chorus]

You gotta keep your heart young
Donâ€™t go growin old before your time has come
You canâ€™t take back what you have done
Youâ€™ve gotta keep your heart young

[Verse]

So take a picture of the one you love and put it in a locket
Go dig up your time capsule and the blue prints for your rocket
Keep in touch on a fake CB, that same old tic-tac box
Pack your snowballs a little less tight but in the middle still put rocks

[Chorus]

And keep your heart young
Donâ€™t go growin old before your time has come
You canâ€™t take back what you have done
Youâ€™ve gotta keep your heart young

[Outro]

You gotta keep your heart young
Sometimes you donâ€™t die quick
Just like you wished youâ€™d done
Though love is a loaded gun
Youâ€™ve gotta keep your heart young
You canâ€™t take back what you have done
Youâ€™ve gotta keep your heart young
