**Shadow On The Wall**
**Brandi Carlile**

This is just a simple chord version of the song. You can pick the intro or the whole
either way it works. this is a beautiful song, enjoy

capo on 4th fret

Intro:
**Bm   Bm/A Bm/G Bm/E Bm/F# Bm/A**

```
Bm                                        Bm/A
Gone, It s hard for me to see when I m wrong
                                     Bm /G
It s hard for me to weep when I m strong
                                  Bm/E
But I could never sleep when you re gone
            Bm
Oh but still
                       Bm/A
If you were gonna crucify me
                        Bm/G
I wouldn t want nobody to see
                              Bm/E      F#
 Cause you could kick me hard when I m down
G           Am
Down, down, down
         G       D
I don t want wanna be
G         Am
Nobody s fool
G                  D                      G          Bm
I ve played that part so many times before
              D
How I long to be
         G
A shadow on the wall
      D           D/C#        Bm
I will make no sound at all
                    D
And when the sun goes down
            G
The shadow on the wall
      D           D/C#       Bm
It cannot be seen at all
Bm/A
At all
Bm
Over it
```

```
Bm                                                    Bm/A
Hey it s not that you would mess with my head
                                              G
I believe that you believe what you said
                                        Bm/E
You think you know me best and you care
                        Bm
But that s not fair!
                              Bm/A
 Cause I don t really want to be safe
                                  Bm/G
It must have been the way I was raised
                        Bm/E
Sleep with one eye open I say
G           Am
Hey hey hey

           G         D
I don t want wanna be
G             Am
Nobody s fool
G                     D                       G          Bm
I ve played that part so many times before
             D
How I long to be
               G
A shadow on the wall
   D           D/C#        Bm
I will make no sound at all
                    D
And when the sun goes down
             G
The shadow on the wall
   D           D/C#      Bm
It cannot be seen at all
Bm/A
At all

           D
How I long to be
               G
A shadow on the wall
   D           D/C#        Bm
I will make no sound at all
                      D
And when the sun goes down
             G
The shadow on the wall
       D           D/C#      Bm
It cannot be seen at all
Bm/A
At all
```
