That Wasn t Me
Brandi Carlile

I found a couple of new BCB songs on YouTube and decided to tab them. Here s
the first one. Brandi plays it on piano. The sound quality wasn t very good,
so if the song ends up on their upcoming record it ll probably sound a bit
different than the version on YouTube. And the lyrics may be different.

Standard tuning
No capo, though you can play it in **G** with capo on the 2nd fret.

[Intro]

A   E   F#m   D

[Verse]

```
     A                E
Hang on, just hang on for a minute
     F#m              D
I ve got something to say
        A                     E
I m not asking you to move on or forget it
     F#m             D
But these are better days
        A         E
To be wrong all along and admit it
     F#m          D
Itâ€™s not amazing grace
              A           E           C#7
But to be loved like a song you remember
F#m               D
Even when you ve changed
```

[Chorus]

```
E     A
Tell me
       D        A
Did I go on a tangent?
     D                A
Did I lie through my teeth?
     F#m           C#m              E
Did I cause you to stumble on your feet?
```

```
            D                A
Did I bring shame on my family?
      F#m               E
Did it show when I was weak?
              D                  A
Whatever you see, that wasn t me
                E                    D  D  A  Asus2  A (E)
That wasn t me, that wasn t me

[Verse]

              A               E
When you re lost you will toss every lucky
F#m               D
Coin you ll ever trust
                A               E
And youâ€™ll hide from your god like he never
F#m                 D
Turns his back on us
                A           E
Then youâ€™ll fall all the way to the bottom
      F#m               D
And land on your own knife
               A               E           C#7
But you ll learn who you are even if it
F#m                 D
Doesn t take your life

[Chorus]

E     A
Tell me
        D        A
Did I go on a tangent?
        D                A
Did I lie through my teeth?
      F#m           C#m                 E
Did I cause you to stumble on your feet?
              D                A
Did I bring shame on my family?
        F#m               E
Did it show when I was weak?
                D                  A
Whatever you see, that wasn t me
                E                    D  D  A  Asus2 A
That wasn t me, that wasn t me

[Verse]

       A              C#7               F#m           D
```

```
But I want you to know that you ll never be a-lone
   D         A
I wanna be-lieve
      D              A
Do I make myself a blessing
   D           A
To everyone I meet
         F#m           C#m
When you fall I will get you
        E        E7
On your feet
           D              A
Do I spend time with my family?
       F#m                E
Did it show when I was weak?
                  D                 A
When that s what you see, that will be me
             E                    Bm       D
That will be me, that will be me
                A
That will be me
```
