intro: **G, Gm, Em, C**

**G**  
Well I woke up this morning,  
**Gm** **Em**  
trying not to think of the girl in my head,  
**C**  
and how we danced the night away.

**G**  
People thought I was going crazy,  
**Gm** **Em**  
talking with her knowing I would never get a chance,  
**C**  
She is so beautiful.

**G**  
Melodies in my head not stopping,  
**Gm**  
I keep going,  
I keep running,  
**Em**  
because she s,  
**C** **D**  
so stunning and I cant believe,  
that she ran away from me..

(pause) **G** **Gm**  
Oh Cinderella,  
**Em** **C**  
We ve found our way,  
**G** **Gm**  
to Louisiana,  
**Em** **C**  
where you will stay...

(same as first verse)

You caught me off guard like a hero,  
because in real life he s still a zero, yeah.

You were acting so sweet that night,  
than you moved away all the way to the west side, no,  
I m not finished with,  
what I ve got to say I wanted you to know,  
that I think of you everyday..

Oh Cinderella,  
We ve found our way,  
to Louisiana,  
where you will stay...  
Oh Cinderella,  
where are you now?  
You disappeared,  
I swear I cared..

**G**

Oh Cinderella,

**Gm**

how did you leave?

**Em**

I can t admit it,

**C**

but it s so true,

**G Gm**

that I love you,

**Em**

Oh Cinderella,

**C**

you ve found your way to,

**G Gm Em**

Louisiana,

**D**

I believe in you,

**G**
