

Give Me Your Eyes

Brandon Heath

[Verse]

Em

Looked down from a broken sky

C

Traced out by the city lights

G

My world from a mile high

D/F

Best seat in the house tonight

Em

Touch down on the cold black-top

C

Hold on for the sudden stop

G

Breath in the familiar shock

D/F **D**

Of confusion and chaos

Em **C**

Are those people going somewhere?

G **D**

Why have I never cared?

[Chorus]

Em

Give me your eyes for just one second

C

Give me your eyes so I can see

G

Everything that I keep missing

D/F

Give me your love for humanity

Em

Give me your arms for the broken hearted

C

The ones that are far beyond my reach

G

Give me your heart for the ones forgotten

D

Give me your eyes so I can see

Em

Yeah

C

Yeah

G

Yeah

D/F

Yeah

[Verse]

Em

Step out on a busy street

C

See a girl and our eyes meet

G

Does her best to smile at me

D/F

To hide what s underneath

Em

There s a man just to her right

C

Black suit and a bright red tie

G

Too ashamed to tell his wife

D/F

That he s out of work, he s buying time

Em

C

Are those people going somewhere?

G

D

Why have I never cared?

[Chorus]

Give me your eyes for just one second

Em

I ve been there a million times

C

A couple of million eyes

G

Just moving past me by

D

I swear I never thought that I was wrong

Em

Well I want a second glance

C

So give me a second chance

G

D

To see the way you see the people all alone
