

**The Light In Me**  
**Brandon Heath**

[Intro]

**C Am F C**

[Verse 1]

My life before You **Am**  
I was a flame burning down **F**  
I was burning out **C**  
But You knew me better **Am**  
For You there was never a doubt **F**  
Not since You gave me life **G**  
Something was different **Am**  
I knew it the instant **F**  
You put the light in me **C**

[Chorus]

The spark  
The shot to the heart **Am**  
You are the hope that leads me  
Out of the dark **F**  
You let Your love shine down **G**  
So that the world can see **F**  
You put the light in me **Am C**  
The light, You put the light in me **G F**  
The light, You put the light in me **Am C**  
The light, You put the light in me **G C**  
The light, You put the light in me

[Verse 2]

**Am**  
You are the Maker

**F**

You tell the sun when to rise

**C**

I m just a house on a hill

**Am**

But You make me brighter

**F**

Than all the stars in the sky

**G**

Keep me from growing dim

**Am**

â€™Cause in Your perfection

**F**

I m just a reflection

**C**

**G**

So pull me closer to You

**Am**

I ll catch like a fire

**F**

And I ll hold You higher

**C**

â€™Cause You put the light in me

[Chorus]

**F**

**Am**

**C**

I ll raise it high, I ll let it show

**G**

From the roof tops down to the

**F**

streets below

**Am**

**C**

In day and night, You will be known

**G**

And all will see

**C**

You put the light in me

**Am F**

[Outro]

**C**

Cause you put the light in me
