

You Promised
Brantley Gilbert

[Intro]

D Bm G A

[Verse]

D **Bm** **G**
She was crying out my name, Standing in the driveway

Little bare feet wearing her cotton dress and I
D **Bm** **G**
I still see the rain chasing tears down her face

It was back in October when I said it's over and hid
Bm **A** **G**
Behind the door, behind the shame of my conviction
Bm **A** **G**
Bedside myself ,beside some empty pill prescription
Can hear her screamig no

[Chorus]

D **A**
No baby don t, you making my heart hurt
Bm
Don't say those words
G **A**
Take it back, you know you don t mean that
D **A**
You swore when I wore your ring
It meant forever
Bm **A** **G**
I ve got it on baby, how can you say I lost it
Oh, you promised

[Verse]

D **Bm** **G**
Started crying while I was sleeping, waking up and reaching out
To a bed as empty as the heart inside my chest
D **Bm** **G**
So I gathered up some pictures, i said i had somethin to give her

I let her read a letter, i had a written her to give her on the day we tied the
knot
Bm **A**
I saw the tears
G
I saw them fall as she read the part of my growing old
Bm **A** **G**
I heard her words, i heard her say it ll never work

And hit my knees and cried
