Capo 3

**Am F C Em**  
Filthy Bird Laying in our yard

**Am F C Em**  
Four chambered heart never beat so hard

**Am F C Em**  
Dad said she was almost gone

**Am F C Em**  
Upside down out on our lawn

**Am F C Em**  
And I could hold her in a shoe box

**Am F C Em**  
if she heals she could be mine

**Am F C Em**  
and if I can not save her spirit

**Am F C Em**  
Dad says I should break her spine

**Am F**  
Shaking brilliant, silver black wings

**C Em**  
Jesus Christ what prayers these dare sing

:CHORUS:

**Am**                    **C**  
Wear your hearts out on your sleeves for

**F**                    **G**  
starlings, starlings

**Am**                    **C**  
All the least of all of these are

**F**                    **G**  
Starlings, starlings

**Am**            **F**        **C**            **Em**  
Two years pass I pump the chamber

**Am**        **F**        **C**            **Em**  
full of air to shoot the birds

**Am**        **F**        **C**            **Em**  
harmless game to hit them slightly

**Am**            **F**        **C**            **Em**  
Scare them off in other words

**Am**            **F**        **C**            **Em**  
Starling, falling to her death

**Am**        **F**        **C**            **Em**  
Piercing copper steals her breath

**Am**        **F**        **C**            **Em**  
See the flower in her breast

**Am**        **F**        **C**            **Em**  
starving babies in her nest

**Am**                    **F**  
Raise our souls up to the sky

**C**                    **Em**  
Why must helpless creatures die

(Chorus)

:BRIDGE:

**Am**                    **C**

Every breath, has sacred weight

**Am**                            **C**  
Every life has some design

**Am**                            **C**  
Yet we kill and possess faith

**Am**                            **C**  
Speak of life, while digging graves

**Am**                            **F**  
Raise our souls up to the sky

**C**                                **Em**  
Why must helpless creatures die

(Chorus X2)
