She s everywhere but you can never be seen
                              Cm
She s in the air if you know what I mean
     Dm   **Am**
And I know it will not be easy
Gm   **Am Bbm**
To sing a song that has yet to be sung

[Chorus]

F
Only you
                  Am
Can make one out of two
                     Dm
After all that we ve been through
                       Bb
You keep on giving me a reason
                    F
To see life through your eyes

You, can make one out of two
                              Dm
After all that we ve been through
                          Bb
You keep on giving me a reason
                              F
To see life through your eyes

F
I ve been planning a scheme
                    Cm
Ever since I was 17
            Dm
To build my whole mini nation
    Am
To enter your station
Gm                          Am Bbm
Where the people can feel as one
F
Sometimes I wished that it was only a dream
                        Cm
But I am just a machine
        Dm
And only you have the potion
            Am
That can give back the motion
        Gm                  Am Bbm
To the meaningless thing I ve become (so go on)
