Angels Fall
Breaking Benjamin
Intro:( Em G C )
     ( Em Em C D )
      (Em Em CD)
I try to face the fight within
         D
But it s over
    Em
                              C
I m ready for the riot to begin
And surrender
                                 C
I walked the path and it led me to the end
Remember
    Em
                             G
                                              C
I m caught beneath, there s nothing left to give
Forever
