F#m Bm [same as first verse]

I ve, got a southern belle too

And ruby red shoes

With a body of straw

Are you sick of it all?

There s a man made of tin

With an oil can grin

And I m gonna get you

And your little dog too

There s a yellow brick road

That we follow back home

And I know you can t wait

Your belligerent hate

                       Fm
There s no place like home
        Ebm
There s no place like home
There s a little white porch
And you wanted it so
Can you let me go down
To the end of the road
In the black and the white
                 G#
A Technicolorful life
Can I stand by your side?
                G#
We can make it alright

           G#
Cause I m home
There s a little white porch
And you wanted it so
Can you let me go down
To the end of the road
In the black and the white
A Technicolorful life
Then another arrived
It s a cowardly lion
                      C#
What I want from this world
             G#
What I wanna resolve
When I want you to stay
                 G#
So I want you to wait
                 C#
I don t wanna be bold
I don t wanna be cold
I don t wanna grow old
I don t wanna go home
