It s over now

There s no way out
Ab

I can not hold on

Bb

I will not let go

(Repeat verse)

Silent I go under

I am not afraid

I can see the daylight shine

And slowly drift away

Safe to say it s over

Sink into the grave

There is nothing left inside

But I am wide awake

I can hear the devil call my name

(repeat Chorus)

HOPELESS

I m falling down

FILTHY

I can t wake up

I can not hold on

I will not let go

WORTHLESS

It s over now

GUILTY

There s no way out

I can not hold on

I will not let go
