Without You  
Breaking Benjamin  
Standard Tuning (Capo 1)

[Verse]

**Em**  
Search for the answers I knew all along  
**C**                      **D**  
I lost myself, we all fall down

Never the wiser of what I've become

Alone I stand a broken man

All I have is one last chance  
                    **D**                      **C**  
I won't turn my back on you  
                    **D**                      **Em**  
Take my hand, drag me down  
                    **D**                      **C**  
If you fall then I will too  
                    **D**                      **Em**  
And I can't save what's left of you

Sing something new

There's nothing left to lose
