Am

I don t know

Fmaj7

Just because

Am **Fmaj7**

I wanna start doing my own stunts

G **G/D**

Tumble down a rocky edge

G **G/D**

Take a bath in a sea of piranhas

Take off my turtle neck

Underneath there s a bulletproof vest

You never knew what made it though

Red-breasted crows speak

Grass stains on my shirt

It s all because of her

Laughter

After

It didn t hurt

It didn t hurt

I m working on my dive off

I m pretty good at flailing my arms

And jumping off this moving train

Model airplanes can crash more than once

Fragile bones and a bird wing suit

This is not what I m used to

Cross my heart and hope to...

Cross my heart and hope to...

C **Fmaj7**

Mustache covers my lower lip

Am **Fmaj7**

No one can tell that I m tremblin

C **Fmaj7**

Mustache covers my lower lip

Am

No one can tell that I m tremblin

G

I m standing on the ledge

G

I see where I need to land

Mustache covers my lower lip
No one can tell that I m tremblin
Cross my heart and hope to live
My blood is boilin
Mustache covers my lower lip
No one can tell that I m tremblin
Thinkin bout settling down
Thinkin bout settling in

Am

What gives?

I m walking down the path

G

Look down there s a welcome mat

G

Over a trap door

G

What s on the other side?

G

The spirit world

G

I m a dark rider

G

Silhouette of fire

G

Hangglider
