The whole song is basically 3 chords. Enjoy:

**D** **H**  
When I was playin dead I d lie down.  
**G** **D**  
I wouldn t move though everything else was...  
**D** **H**  
The swingset kid s playin catch with their dads...  
**G**  
No one noticed yet that I was gone.  
**D**  
Then she came along...

**D** **H**  
And love, I got you didn t I?  
**G**  
I got you didn t I?  
**D**  
I got you...  
**D** **H**  
And love, I got you didn t I?  
**G**  
I got you didn t I?  
**D**  
I got you...

When I was alive I didn t know why I died.  
I guess I thought everything was dead.  
Your hair is red; in other lights it s black;  
And when you laugh,  
it brings me back...

And love, I got you didn t I?  
I got you didn t I?  
I got you...  
And love, I got you didn t I?  
I got you didn t I?  
I got you...

When I was playin dead;  
I d lie down.  
I wouldn t move;  
Though everything else was...  
The swingset;  
Kid s playin catch with their dads...

No one noticed yet...

When I was alive  
I didn't know why I died.  
I guess I thought everything was that way.  
Your hair is grey, in other lights it's black...  
And when you laugh...  
still brings me back.

And love, I got you didn't I?  
I got you didn't I?  
I got you...  
And love, I got you didn't I?  
I got you didn't I?  
I got you...

You got me...
