Verse 1:
```
    C#                                C#/F#                        F#
She watched him ride wild horses, knowing that she couldn t go
                                   G#         Ebm              G#
To follow around that young cowboy, the one they call Rodeo
      C#                                        F#                    G#
Your not to be seen with the likes of him, her father didnt want him around
      C#            C#/F# F#     F#/F# Ebm              G#
For Rose was his only daughter, the darling of the Downs
```

Verse 2:
```
  C#                                      C#/F#
A dance had been planned for that evening, Rose cried as she left the
     F#
homestead
                                G#              Ebm                 G#
She could feel her heart slowly breaking from the words her father had said
        C#                                   F#                 G#
She just sat by the window and listened to that travelling country band
      C#      C#/F#              F#      F#/F# Ebm              G#
When rodeo walked  cross the dance floor, and held out his hand
```

Chorus:
```
    F#          G#          C#       F#                        G#
May I have this dance pretty lady, Forget what the others will say
C#            C#/F#              F# F#/F#     Ebm                G#
People might think that we re crazy, But I d have it no other way
    F#          G#          C#       F#                        G#
As long as we re always together, Theres one thing that only we know
C#                  C#/F#    F# F#/F# Ebm       G#      C#
This love will last forever, Rose and Rodeo
```

Instrumental:

Verse 3:
```
        C#                                          C#/F#                            F#
Now its been many years since that evening, the old halls not used anymore
                                      G#                    Ebm                      G#
Except for an old man whos walking,  cross that old dusty wooden dance floor
     C#                                                F#
The children all laugh through the window, The danceband s not there to be
G#
heard
          C#          C#/F#      F#            F#/F#        Ebm
But her eyes light up as he holds out his hand, she still remembers those
G#
words.
```

Final Chorus:
```
     F#              G#              C#          F#                            G#
May I have this dance pretty lady, Forget what the others will say
C#             C#/F#                F# F#/F#     Ebm                      G#
People might think that we re crazy, But I d have it no other way
   F#              G#          C#                F#                        G#
As long as we re always together, Theres one thing that only we know
C#                  C#/F#     F# F#/F# Ebm         G#     C#
This love will last forever, Rose and Rodeo
C#                  C#/F#     F# F#/F# Ebm         G#     C#
Their love will last forever, Rose and Rodeo
