[Verse]

**E7**

The hard face in the mirror

**A7**

Has seen its share of pain

**E7**

Never seen things clearer

**B7**

Guess I can't complain

**E7**

Left early in the morning

**A7**

Before the sun did rise

**E7**

**B7**

**E7**

Finally saw the truth through the disguise

[Verse]

**E7**

I always drink a glass or two

**A7**

Before I speak my mind

**E7**

It's always best to have a few

**B7**

Don't want to waste my time

**E7**

A little liquid courage

**A7**

Will take me round the bend

**E7**

**B7**

**E7**

I'll leave it all blowin' in the wind

[Chorus]

**A7**

**E7**

Sweet wine and heartbreak for the win

**E7**

Staring at an empty bottle

**B7**

And and a lifetime full of sin

**E7**

I'd make the same mistakes

**A7**

If I d do it all again

**E7**

**B7**

**E7**

Sweet wine and heartbreak for the win

[Verse]

**E7**

My momma taught me well

**A7**

To see the hurtin side

**E7**

I d rather go to hell

**B7**

Than be caught up in a lie

**E7**

If I feel the devil s hand

**A7**

On the day I die

**E7**

**B7**

**E7**

I ll raise my glass to him and testify

[Instrumental Break]

My breath is coming faster

**A7**

My heartbeat s slowing down

I m reaching for the answer

Trying not to drown

Sweet wine and heartbreak for the win
