

**Clouds Song**  
**Brent Walsh**

Capo 3

[Verse 1]

**G** **Am**  
Some days I stare at the sky  
**Em** **C**  
And I feel like it s trying to tell me something  
**G** **Am**  
I lie on my back in the yard  
**Em** **C**  
And the clouds share a story through shapes  
**G** **Am**  
I see myself walking a dog  
**Em** **C**  
And then the leash disappears, and he s off and running  
**G** **Am**  
I ask him when he s coming back  
**Em** **C**  
But it seems he s already a lifetime away

[Chorus]

**Am**  
Oh, some days  
**Em**  
It feels like I m talking to God  
**C**  
Hey, God, are you listening?  
**Em** **G**  
Sometimes it feels like I m just talking to myself

[Verse 2]

**G** **Am**  
Once I saw you on a beach  
**Em** **C**  
And the sun warmed our skin, like the first time we felt it  
**G** **Am**  
I asked you how long it had been  
**Em** **C**  
Since my hand was in yours with our toes in the sand  
**G** **Am**  
And then a wave came and swallowed us both  
**Em** **C**  
And with that, you were gone, like you never existed  
**G** **Am**  
I asked them to see you again

But just then felt the loneliest first drop of rain

[Chorus]

**Am**  
Oh, some days

**Em**  
It feels like I m talking to God

**C**  
Hey, God, are you listening

**Em** **G**  
Sometimes it feels like I m not hearing anything back

[Bridge]

**G** **Em**  
Why does that scare me so much?

**Em** **C**  
Hey, God, are you listening?

**C** **Em**  
What is my role in your plot?

**Em** **C**  
Is there even one at all, all? ahh

**Em** **C**  
Is there even one at all, all? ouu

**Em** **C**  
Are you even there at all, all? ahh

[Chorus]

**Am**  
Some days

**Em**  
It feels like I m talking to God

**C**  
Hey, God, are you listening?

**Em** **G**  
Sometimes it feels like I m just alone with my thoughts

[Outro]

**G** **Em**  
Why does that scare me so much?

**C**  
Hey, God, are you listening?

**Em**  
What is my role in your plot?

**G**  
Are you even there at all?

**C G**
