F# **E**
We are the 8 0 1

B **F#**
We are the central shaft - And we are

E **B**
here to let you take advantage

F# **E**
Of our lack of craft

B **F#**
Certain streets have certain corners

E **B**
Sooner or later, we ll turn yours

F# **E**
We are the 8 0 1

B **F#**
We are the central shaft - And thus through-

E **B**
-out two years we ve crossed the ocean

F# **E**
in our little craft (Row! Row! Row!)

B **F#**
Now we re on the telephone

E **B**
Making final arrangements (Ding! Ding!)

F# **E**
We are the 8 0 1

B **F#**
We are the central shaft

E B B

F# **E**
Looking for a certain ratio

B **B**
Someone must have left it underneath the carpet

F# **E**
Looking up and down the radio

B **B**
Oh-oh, nothing there this time

F# **E**
Looking for a certain ratio

B **B**
Someone said they saw it parking in a car-lot

F# **E**
Looking up and down the radio

B **B**
Oh-oh, nothing there this time

F# **E**
Going back down to the radio

B **B**
Oh, oh - oh, oh - oh, oh - here we go!

=====
=== B, B bent to C/C#, A, B -- like: ===

	1	2	3	4	1	2	3	4
E	-----				-----			
B	-----				-----			
G	-----				-----			
D	--9-9b10-----7-----9--				--9-9b10-----7-----9--			
A	-----				-----			
E	-----				-----			

Either keep that up for the last part, or switch to chords.
I like **F#**, **C#**, **E**, **B** when alone, or **F#**, **C#**, **B**, **F#** if there is **A** bass.

=====

F#

We are the table, the captain s table

C#

Let s get it understood, let s get it understood

E

We are the losers, we are the bruisers

B

Let s get it understood, let s get it understood

F#

We are the diners, the final diners

C#

Let s get it understood, let s get it understood

E

Most of us tinkers, some of us tailors,

B

And we ve got candlesticks, and lots of cocktail sticks

F#

We saw the lovers, the modern lovers

C#

And they looked very good, they looked as if they could

E

We are the neighbours, the nosy neighbours

B

We think just like we would, we think just like we should.
