Brian May, Driven By You, off Back to the Light

[Intro]

**G**

**G** **Em**  
We touch, and you re afraid of me, and we burn and now I m at your feet  
**C** **G**  
High speed, but you know you re in safe hands

**Em**  
In the dark, we make a brighter light, from one spark to the horizon wide  
**C** **G**  
We trust and together we tame the land

**D**

**D7/C**

**G/B**  
Oh, you d be forgiven if you think you re dreamin but we re working night and day

**G** **G/B** **C** **G/B Am**  
To make the dream come true, yeah  
**D** **C** **G**  
Everything I do is driven by you.

(Oh, come on babe)

Well, it s tough, to make a journey through, the right stuff is dead ahead of you and me  
And you know, we still got time.  
Hold on tight to the driving wheel, this ride is really out of line  
Raw deal, but there s no other that s worth a dime  
You know I love you but you drive me crazy  
Cause you re saying all the things I want to say to you (you say)  
Everything I do is driven by you

**G** **C** **G** **C**  
**G/B Am**

Everything we do, everything we do, everything we do, everything we do  
**C/D D** **C** **G** **G D C/E Em/F#**

Everything we do, is driven by you  
**B** **B7** **C** **Am7**  
Inner children lost their way, now they know the price to pay

**G/B** **G** **G/D D** **D/A G/D D B**  
I m holding on to life with you, cause life without you just won t do.

You know we re never gonna know who s dreaming  
 But we re working night and day to make the dream come true, yeah.  
 Everything I do is driven by you

Everything we do, everything we do, everything we do, everything we do

Everything we do, everything we do, everything we do, everything we do, yeah

Is driven by, driven by, driven by you, yeah!

This was done mostly by watching Brian play in Hollywood, as well as excessive  
 listening  
 to the album versions (both), the version on the Too Much Love Will Kill You  
 single, and  
 a live version from an upcoming release.

I m working on the solo, if anyone wants it, lemme know.
