

Just One Life
Brian May

Just One Life

C **F**
I did not know you, our lives never touched

Am **Em**
Til the day they gathered, to bid you farewell

F **G**
And they painted your picture, and I looked around

D **C**
I felt I saw you, in the words and the sound

C **F**
Your talent came flowing, through the stories they tell

Am **Em**
And through the faces, of those who loved you so well

F **G**
Your life gave them a treasure, a piece of themselves

D **C**
Something they carry, and still serves them well

F **C**
Just One Life, just One Life

F **C** **G** **D**
Just One Life, that is born, and is, and is gone

F **C** **G** **D**
Just One Life, and I m so glad to know you, as I know you now

C **F**
Perhaps inside you, you were messed up like me

Am **Em**
But to them you were whole and strong, and friend in their need

F **G**
And what you left behind you, and what swept over me

D **C**
Says that your life s work, Rolls on and on, a piece of eternity

F **C**
Just One Life, just One Life

F **C** **G** **D**
Just One Life, that is born, and is, and is gone

F **C** **G** **D**
Just One Life, Did you ever get a chance to find out, what life?s all about

C **F**
I did not know you, our lives never touched

Am **Em**
Til the day we gathered, to say our farewells
