And when the snowflakes fell

Then the darkness took you from me

As you walked into the night
Em Asus4
You said you d never change, you d never change your mind

And then I looked away

And I could see you kissing me (5x)

D/F# G Asus4
I could see you, I could see you, I could see you kissing me kissing me
kissing me
D D/F# G Asus4
I could see you, I could see you, I could see you kissing me kissing me
