Don't Stop Loving Me

G D C Em D

G D  
Numb, you make me so numb

C  
I can barely think while you're sitting

Em D  
next to me

G D C Em D  
Release, my heart is set free by your love.

G D  
I feel you when I move, something I can't  
C  
undo

Em D  
Boy you're in my bones

G  
Don't stop loving me

D C Em D  
Keep steady, you can lean on me

G D  
I know I've been unsure, that ain't here

C Em D  
anymore- don't give up on me.

C Em D  
Oh you're made for me.

I get

G D  
butterflies when we kiss  
You want that real love

C  
Here it is

Em D  
Let's burn down this shit together

G  
Don't stop loving me

D C Em D  
Keep steady, you can lean on me

G D  
I know I've been unsure, that ain't here

C Em D  
anymore- don't give up on me.

C Em D

Oh you're made for me.

G D C Em D

Oh keep steady, you can lean on me.
