The drunk kids, the catholics, they re all about the same

Am G F C
They re waiting for something, hoping to be saved

Am G F C
Well I have been happy the past couple days

Am G F C
Just thinking of the women who ve taken your place

Am G C F
And every night I think I won t ever sleep sober or alone

Am G C F
And then suddenly it occurs to me that I slept alone before you

Am G F
And so I pour myself the stiffest drink my stomach can stand

Am G F
And convince myself to lay back down again

F F
I m gonna lay back down, I m gonna lay back down again
