

**If Winter Ends
Bright Eyes**

play with vacuum running in the background

CODE

Capo on the first fret.

Eb **F**
i dreamt of a fever,
 Gm **Eb** **Bb**
one that would cure me of this cold, winter set heart.
 F **Gm**
with heat to melt these frozen tears and burned with reasons
Eb **Bb**
as to carry on.
Eb **F** **Gm** **Eb**
into these twisted months i plunge without a light to follow
 Bb **F**
but i swear that i would follow anything
 Gm **Eb**
if it would just get me out of here.
Gm **Eb**
and so you get six months to adapt
Gm **Eb**
and then you get two more to leave town.
Gm **Eb** **Gm** **Eb** **F**
in the event that we do adapt we still might not want you around.
 Bb **F** **Gm** **Eb**
and i fell for the promise of a life with a purpose
 Bb **F** **Eb**
but i know that that is impossible now.
 Bb **F**
and so i drink to stay warm
 Gm **Eb**
and to kill selected memories
 Bb **F** **Eb**
because i just can t think anymore about that or about her tonight

(and so forth.. you know the rest)

i know this isn t the best but i hope it helps...
