A D
Love is real, it is not
E A
just in novels or the movies
A D
It is fact And it is standing here
E
right in front of you

So if you open your eyes
oh what a sweet discovery
There is hope, and there is joy
and there is acceptance

D E
So now let all of the light that collects on your plants
C#m A
Keep you warm, make you smile
D E
And I will be there with this pen in my hand
C#m7 A
To record all the while
D E C#m7 B7
You ll be laughing so loud that the house would shake with sound
D E A
And everything will be as new as the day it was found

Bm C#m D E

Love is real it is not
just in long distance commercials
Or something that you thought you felt
back in high school

So I will turn black and white
Become that horoscope you re reading
It predicts something good
is on its way

D E
Oh, and then I will send you the world green and blue
C#m A

In a box through the mail

D E

You can open it up, hold it right in your hand

C#m7 A

And be glad that it s there

D E

And be glad that you re there

C#m7 B7

Now you can feel all the knots in your stomach start to untie

D E A

And suddenly it s not so hard to say you re all right

Bm C#m D E

Love is real, it is not

just in poetry and stories

It is truth, and it will follow you

Everywhere you go from now on

So if you d just cast off your doubt

Then your lips would answer for you

Oh my darling, when you smile, it is like a song

And I can hear it now
