

New Arrangement
Bright Eyes

From: Robert Sin

Listen to the song for timing.

Em

If you could change your days

C

G

Arranging them in some sweet new sequence

Em

C

G

Like any new arrangement s gonna to make a difference

Em

Cause it s the moment that you re living in

C

G

And not the one that follows

Em

C

G

That makes this mess you re cleaning in your head

And time still drags you forward

Though you keep resisting

Know it s what you leave behind

You ll soon start missing and the people you once counted on

Now say it s all depending on how you act and how you treat yourself

And that s not very well

Am

G

So baby, when I call for you

Em

C

G

I want you to come explain yourself to everyone

You nod in an acknowledgement of your frequent mood swings

Yeah what good s an acknowledgement

It still don t change things

We tried all forms of encouragement

But it s still no better

You just can t seem to fake or force a smile

Not even a little one

But baby, when I call for you

I want you to come and lay it out for everyone

Exactly how it was before any of this happened

And why you can t leave it behind

Now don t just, don t just sit there when I call to you

I told you to come and lay it out for

Don t feel awkward
