Nothing Gets Crossed Out

G **Am**
The future has got me worried, such awful thoughts.

D
My head is a carousel of pictures.

G **G/F#** **G**
The spinning never stops.

G **Am** **F**
I just want someone to walk in front and I'll follow the
G
leader

[Verse]

Am **D** **G** **G/F#** **Em7**
I know I should be brave but I'm just too afraid

D
Of all this change

[2nd verse] pluss instrumental where you just play the verse chords 2 times (not sure)

and finish on a **D** chord instead of a **G** and then into the bridge thingy

G **Bm**
So when I'm lost in a crowd, I hope that you'll pick me out.

Am
Oh, How I long to be found.

D
The grass grew high. I lay down.

G **Bm**
Now, I wait for a hand to lift me up, help me stand.

Am **D**
I have been laying so low. don't want to lay here no more
