Bright Eyes - Southern State

This is the version from the live album Motion Sickness released late 2005.  
Well...it s supposed to be...

**F**  
Well the songs you sung spiraled  
**Am**  
And hung round like echoes  
**Bb** **C**  
Or ripples on a pond

**F**  
So you circled the globe  
**Am**  
Spent a year on the road  
**Bb** **C**  
Without ever going home

**F**  
More than a couple of days,  
**Am**  
Then youâ€™d leave right away  
**Bb** **C**  
Run to a girl you barely know

**F**  
But you like how she sings  
**Am**  
And you canâ€™t help but think  
**Bb** **C**  
That thereâ€™s something that she knows and could teach you

**Bb** **C**  
While youâ€™re sleeping in that southern state  
**Bb** **C**  
Where the bars are filled with people you canâ€™t hate  
**Bb**  
But try as you try  
**C**  
You still canâ€™t relate to them  
**Bb** **C**  
And you drink that whiskey down  
**Am**  
As they ask you,

**C F**  
Are you who you say you are?

**Bb F**  
Are you who you say that you are?

**Bb C**  
Are you who you say that you are, you

**Bb F**  
Are you who you say that you are?

**Bb F E Bb**  
Are you who you say you are?

**C**  
The fact that you can't tell makes us like you even more

**F**  
So now you're trying again

**Am**  
Or just visiting friends

**Bb C**  
One had just had his heart broke

**F**  
For the first time in his life

**Am**  
He realized there are times

**Bb C**  
When you can't make it alone

**F**  
But now you're giving advice

**Am**  
As if you had the right

**Bb C**  
To use a word like love.

**F**  
It's a negotiable term

**Am**  
What gets said's not what's heard

**Bb C**  
So it's different then for everyone

**Bb C**  
But you re still hanging around that college town

**Bb C**  
With your new life your new lover you've found

**Bb C**  
And you're keeping her up at night, bringing her down

**Bb C**  
She'll watch you drink yourself to death

**Am**  
But won't ask you,

**C F**

is this really what you want?

**Bb F**

Is this really what you want?

**Bb C**

Is this really what you is this what...

**Bb F**

Is this really what you want?

**Bb F E Bb**

Is this really what you want?

**C**

**F, Am**

Are you just sticking with it now because it's all you've got?

**Bb**

**C**

**F, Am**

Are you just sticking with it now because it's all you've got?

**Bb**

Yeah that's it, I think you're sticking with me now

**C**

Because I'm all you've got

**F, Am, Bb, C** until end over...

go-ot, no...i m all you go-ot, go-ot no, go-ot no...

ooo, that Conor eh?
