Figure 1

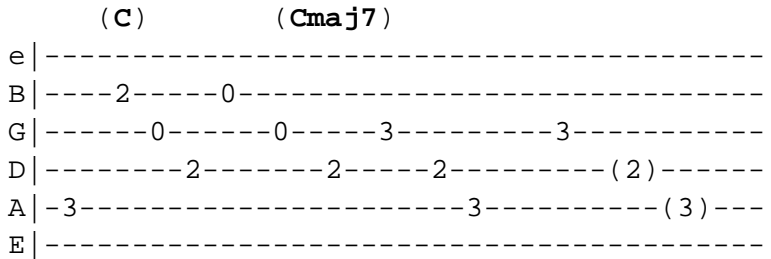

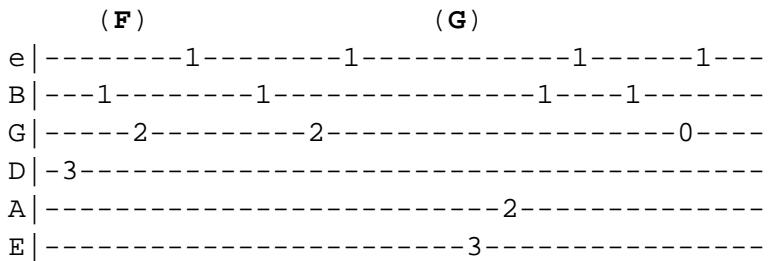

Figure 2

Am	G
F	G

Verse 1: (use figures 1 and 2 for first 4 lines)

C	Cmaj7	C7	
Well I wish I had a parachute			
	F	G	
Cause I m falling bad for you			
	C	Cmaj7	C7
I can see the ground approaching now			
	F	G	
But I m not sure what to do			
	Am	G	
I feel like the piñata			
	F	G	
Won t you take a swing at me			
	Am	G	
If you could just crack the shell open			
	F	G	
I think inside you would find something sweet			

Same Chords throughout song

Verse 2:

Well I hear you like a hunter now
Your footsteps in the leaves
And I would gladly leave my hiding place
Yes I m hoping to be seen
So let your arrow fly and sing
I m well within your aim
Lay your traps for a thousand miles
And please don t let me escape

Verse 3:

Winter came to Omaha
It left us looking like a bride
A million perfect snowflakes now
And no two are alike
So it s hard for me imagining
The flaws in this design
I know debris, it covers everything
And still I am in love with this life
