I loved a Triple Spiral, my maiden-mother-crone  
E G#m C#m B  
I folded my devotion into an origami rose  
C#m B E A  
Stood at her Tiffany window, she said to look below  
E A  
Could I see the town was burning?  
E A  
Could I see the broken prison?  
F#m B E  
Could I see that it was time for me to go?

E A C#m B  
They looted the museum and took all that they could hold  
E G#m C#m B  
A motorcade of flatbed trucks made off with quite a haul  
C#m B  
Thatâ€™s when I heard someone shout,  
E A  
â€œIn with the new! Out with the old!â€•  
E A  
A dusty box of letters  
E A  
A rusting suit of armor  
F#m B E  
A casket made of fourteen karat gold

C#m G#m  
Thatâ€™s the problem  
C#m B  
No sense of time  
E Emaj7 G#m C#m A B E  
She is shaped just like an hourglass there laying on her side

E A C#m B

I loved you Triple Spiral "father, son and ghost  
**E G#m C#m**  
 But you left me in my darkest hour when I needed you,  
**B**  
 when I needed you  
**C#m B E A**  
 Now that the dream is over I want it to be known  
**E A**  
 That I never saw it coming  
**E A**  
 Through my little human prism  
**F#m B E**  
 How sad it is to know Iâ€™m in control

**C#m G#m**  
 Thatâ€™s the problem  
**C#m B**  
 An empty sky  
**E Ema j7 G#m C#m A B E**  
 I fill it up with everything that is missing from my life  
**C#m G#m**  
 Where did you come from?  
**C#m B**  
 You fated sign  
**E Ema j7 G#m C#m A B E**  
 Spinning through the centuries expanding all the time

**A E**  
 Three worlds at once that blend together  
**A B**  
 Three times I cried for us but I felt better then

**E A C#m B**  
 I loved you Triple Spiral, my maiden-mother-crone  
**E G#m C#m B**  
 You found me in this fallow state, my mind was off and stowed  
**C#m B E A**  
 I heard your strange commotion and wished I could go home  
**E A**  
 To live a little longer

**E A**  
 A full Indian summer  
**F#m B E**  
 Long enough to carve you into stone
