Am C/B C F C F C Am C G

Am C/B C F C
well i left my baby for a dream as lovely,
F C Am C G
for a love that s only in books i read.

Am C/B C F C
and then i hit the cities, spent all my money,
F C Am C G
i just left my whole life in a taxi cab.

Am C/B C F C
cause it s just a memory, i can't love completely,
F C Am C G
when you're really with me, i'm indifferent.

C Caug
but i try to get my head clear,
F* G (F)
it's too full of ideas that i haven't thought of yet.

C Caug
and time, clocks keep waving their hands,
F* G
doing all that they can to get our attention, but

F* G C C/B Am
the days fly away down a clean interstate
G
and i'm staring drunk at a map.

Am C/B C F C F C Am C G

Am C/B C F C
so i let my hair down for the second time now,
F C Am C G
for the final time, now i had my fun.

Am C/B C F C
but there s no returning from the places we ve been,
F C Am C G
just repeat our slogan, never again.

C Caug
so we split, said you had to get out,
F* G (F)
headed back to the south, where everything is gentle.

C Caug
and i stayed for a couple weeks more,
F* G
all the weather reports said it would be snow for sure,

F G C C/B Am
but the storm moved away to a neighboring state.

G
i started the car.
