You say that I treat you like a book on a shelf. I don t take you out that often  
          C#                          A                          A                          E  
because I know that I completed you and that is why you are here.

          A                          E                          C#          A                  E  
That is the reason why you stay here. How awful that must feel.

(keep repeating this)

You said you would be my dream. I could have you every night and if, by morning,  
I had forgotten you, well, no big deal, it would be all right because  
you are the reoccurring kind. You are the reoccurring kind. You never leave my  
mind.

Are you the love of my lifetime? Because there have been times I have had my  
doubts.

We were just kids when I first kissed you in the attic of my parents house,  
and I wish we were there now. It took so long to figure out what this book has  
been about.

Now I write when I m away letters that you never read. You said go to explore  
those other women,  
the geography of their bodies but there is just one map you ll need. You are a  
boomerang.

You see. You will return to me.

You will. You? Will. You? Will. You? Will. You? Will. You? Will. You? Will.

          C#                  A                  E  
You? Will. You? Will. You? Will. You? Will. (x2)

                                  A                                  E  
Because if you don t, then this book is all lies. If you don t, then my  
A                          E  
plans would all be ruined.

                                  A                                  C#  
If you don t, I ll start drinking like the way I drank before.

          A                          E  
And I just wont have a future anymore
